Academic Honesty

Jinan University defines academic misconduct as any act by a student that misrepresents the students' own academic work or compromises the academic work of another. Scholastic misconduct includes (but is not limited to) cheating on assignments or examinations; plagiarizing (i.e. misrepresenting as one's own work any work done by another); submitting the same paper or substantially similar papers to meet the requirements of more than one course without the approval and consent of the instructors concerned; or sabotaging another's work. Within these general definitions, however, instructors determine what constitutes academic misconduct in the courses they teach. Students found guilty of academic misconduct in any portion of the academic work will face penalties ranging from lowering of their course grade to awarding a grade of E for the entire course.
