Aims and Objectives

This subject aims at providing students with a fundamental understanding of U. S. Generally Accepted Accounting Principles (U. S. GAAP) including Financial Accounting Environment, Balance Sheet, Income Statement, Internal Control, Cash, Receivables, Inventory, Fixed Assets, Intangibles, Liabilities, Equity, Partnership, and Statement of Cash Flow.

Teaching and Learning

Lectures and case-based tutorial sessions will form the basis of the module delivery. Lectures will be used to present key material and to provide opportunities for students to explore and discuss the concepts. The tutorial sessions will facilitate students' understanding of how techniques are used in practice as well as incorporating the use of case study material. Students are expected to read the assigned reading materials (or chapters) prior to the lecture and complete their assignments before the tutorials. In the tutorials, discussions will be based on the topics related to the materials in the preceding lectures and will be in the form of problem discussions.

Academic Honesty

Jinan University defines academic misconduct as any act by a student that misrepresents the students' own academic work or that compromises the academic work of another. Scholastic misconduct includes (but is not limited to) cheating on assignments or examinations; plagiarizing, i.e. misrepresenting as one's own work any work done by another; submitting the same paper, or substantially similar papers, to meet the requirements of more than one course without the approval and consent of the instructors concerned; sabotaging another's work within these general definitions, however, Instructors determine what constitutes academic misconduct in the courses they teach. Students found guilty of academic misconduct in any portion of the academic work face penalties ranging from lowering of their course grade to awarding a grade of E for the entire course.
